

Inline/Offline Automatic Socketing Series

**Most Power Efficient
Machine In India**

Manual/ Semi-Automatic Socketing Series

MODEL	Range (MM)
TESTOS110 / CERBS110	40 – 110
TESTOS200 / CERBS200	50 – 200

Salient Features :

- Easy and Quick Changing Tool System.
- Easy Operation Process with Touchscreen Display and PID Based Temperature control System.
- Infrared /Spring Heaters Heating Chamber with Suitable Insulation.
- Special Coating like Mirror Finish and Hard Corn plated Tooling.
- Pneumatic Operation Based Pipe Shifting System.
- Provision to Operate Machine Inline/Offline – Both way.
- Production Counter Facility Inbuilt HMI.
- Saw Dust Removal System.
- Specially Design Machines For Better look and All the safety parameter
- Lowest Power Consumption.
- Simply Designed Pipe size Adjustment Facility to prevent Heat loss.

Optional Features:

- Logo Embossing – PLAIN SWR and RRJ.
- Pipe Weighing System.
- Pipe Chamfering System.
- Trolley Instead of Pipe Receiving System.

MODEL	Range (MM)
CALS110	40 – 110
CALS200	63 – 200
CALS450	110 – 450

Pneumatic/Motorized Conduit Socketing Series

MODEL	Range (MM)
VULPS50	20 – 50

U TYPE SOCKETING

R TYPE SOCKETING

J TYPE SOCKETING

CONDUIT PIPE SOCKETING

📍 100, Gajanand Industrial Hub, B/h. Matrix Plaza, Jasoda-Hathijan Road, Phase-2, G.I.D.C. Vatva, Ahmedabad-382345.
